

# Biosecurity (Human Biosecurity Emergency) (Human Coronavirus with Pandemic Potential) (Emergency Requirements for Remote Communities) Determination 2020

## Special Consideration to Enter Communities

### Entry requirements back to designated area

The following applies to the person entering the area:

- a) Immediately before the entry, the person does not have any of the signs or symptoms of human coronavirus with pandemic potential.
- b) In the last 14 days immediately before entry, the person has not been outside Australian territory.

This subsection applies to a person entering a designated area if, throughout the 14 days before entering, the person:

- a) Has been isolated from the general public; and
- b) Has not had signs or symptoms of human coronavirus with pandemic potential; and
- c) Has not been exposed to:
  - i. Human coronavirus with pandemic potential; or
  - ii. Another person with one or more signs or symptoms of human coronavirus with pandemic potential.

*For extenuating circumstances where these requirements cannot be met further consideration maybe made by completing the below. Advice will be provided to the relevant decisionmaker regarding Human Biosecurity advice on this request.*
